Subject: Events for the Fall 2009 Semester
Society of Petroleum Engineers (SPE), Texas A&M Student Chapter

Industry Representative:

As the summer is upon us, we are beginning to plan the events for the 2009-2010 academic years. Before I begin to discuss the upcoming year, I would like to thank all of the sponsors for their generous support in the past year. Without your support, our successes would not have been possible. I would also like to take the opportunity to thank the 2008-2009 TAMU-SPE officers. The previous officers worked extremely hard to put together a very successful year. The 2009-2010 TAMU-SPE officers and their successors are:

| | 2008-2009 | 2009-2010 |
|----------------|------------------|------------------|
| President | Justin Turner | Greg Caraway |
| Vice-President | Andres Tovar | Russell Greco |
| Secretary | Michael Elliot | Jeanna Easley |
| Treasurer | Kory Izard | Peter Pham |
| Graduate | Vivek Gupta | Arash Haghshenas |
| Graduate | Preston Fernades | |

We are confident that we can build upon their achievements and continue to strengthen the TAMU-SPE. As part of our goal for continuous improvement, we are looking for sponsorships to finance upcoming SPE events for Fall 2009. We have five general meetings and four socials scheduled, as well as a few undated mentor socials that are focused on involving freshman and sophomores into our events. Listed below are the main events for TAMU-SPE during the Fall 2009 semester.

As you browse the schedule below, if you really want to be involved with TAMU-SPE, but do not see an event that appeals to you, we may consider co-sponsorship or be able to organize an additional event, please do not hesitate to contact us with your ideas.

Our currently *un-sponsored* events for the Fall 2009 term include:

- 4 September (Friday): Welcome Back BBQ [currently un-sponsored]

We will once again be holding the sporting clay tournament. The scheduled date is on October 24th at a new location, the Tonkaway Ranch. An informational flyer will soon be available and registration will be accepted in mid August. If you or someone in your organization is interested in being a part of the event, please contact Greg Caraway at SPE_President@pe.tamu.edu

As for our general meetings, we are actively pursuing speakers to present current oil relevant topics. If you are interested in speaking at one of our general meetings, please contact Russell Greco at SPE_VP@pe.tamu.edu for more details. We would like for presentations given at the general meeting to be technical in nature to attract students and professionals, but we are open to your suggestions. Volunteers are always appreciated.

Lastly, we want to put a flat screen monitor on the 3rd floor of the Richardson Building. The monitor would serve as a method of advertising important events such as company informational and interview schedules. The monitor would be one more way for companies to advertise their events that they hold on campus. If you are interested in sponsoring something of that sort, please feel free to contact Russell Greco at SPE_VP@pe.tamu.edu.

We are extremely excited about the upcoming 2009-2010 academic year for TAMU-SPE. We sincerely appreciate the tremendous support given to the chapter in the past, and we look forward to working with you in the near future!

Sincerely,

Greg Caraway
