

2010 International Sucker Rod Pumping Workshop

Organizers:

Artificial Lift R&D Council, Southwestern Petroleum Short Course

Technical Workshop

Thursday and Friday, September 16 and 17, 2010

- Wyndham Hotel, Dallas, Texas (near DFW Airport)

General Chair

- Bent Thomas, Chevron

Technical Sessions

- New Sucker Rod Technology, R&D
- Design, Automation, Optimization, Challenges
- Case Histories, Field Experiences, Best Practices

Continuing Education Courses

- **Tuesday, Sept. 14, 8:00 – 5:00, One-Day Courses**
 - Sucker Rod 101 --- Basic Sucker Rod Pumping
 - Sucker Rod 102 --- Shooting & Interpreting Fluid Levels in Sucker Rod Wells - **Hands On**
- **Wednesday, Sept. 15, 8:00 – 5:00, One-Day Courses**
 - Sucker Rod 103 --- Sucker Rod System Troubleshooting, Analysis, & Solutions
 - Sucker Rod 104 --- Sucker Rod System Tear Down Procedures & Analysis - **Hands On**
- **Tues & Wed, 8:00 – 5:00, Two-Day Courses**
 - Sucker Rod 201 --- Sucker Rod String Design – **Hands On**
 - Sucker Rod 202 --- Automation & Well Problem Identification & Solutions – **Hands On**

Costs

Workshop costs:	<u>Professionals</u>	<u>Students</u>
Registration	\$325, \$425 ⁽¹⁾	\$100, \$150 ⁽¹⁾
One Day Courses	\$150, \$250	\$ 75, \$100
Two Day Courses	\$250, \$350	\$100, \$150
Workshop & Courses:	\$575, \$775	\$200, \$300
Exhibits:	\$500, \$600 (table top)	
	\$750, \$850 (10' x 10')	
(1) After 8/20/2008	\$1250, \$1350 (10' x 20')	

All you want to know about beam pumping, and more!

Opening Reception

Meet sucker rod pumping colleagues

- Wednesday, September 15 --- 5:15 pm

Keynote Address

Challenge attendees to make step changes in beam pumping operations

- Thursday, Sept. 16 --- 1:00 pm (at lunch)
 - Keynote Speaker: Denny Bullard, Pioneer

Panel Discussions

In-depth discussion of each technical session topic

- Thursday and Friday after each session

Break-Out Sessions

Informally discuss the following pertinent topics

- Thursday, September 16 --- 4:30 pm – 6:00 pm
 - What New Tech. is Needed, is Coming
 - Rod Pumping Wells Completed in Shale
 - Rod Pump Wells with Solids, Sand, Scale

Exhibits and Displays

Transfer knowledge on new beam pumping tools, techniques, and services

- Tuesday through Friday at breaks

Door Prizes

Door prizes

- Thursday and Friday at breaks

Due Dates

- Abstracts: July 31, 2010
- Presentations: Sept. 1, 2010
